Found Mr. CNews.

Shadowy art: Can shadows made from cut up cardboard boxes be considered art? To followers of a Japanese man named Kuronushi, the answer is a resounding "yes!" Kuronushi arranges pieces of cardboard in various ways. The seemingly mismatched piles

of material don't look like anything unusual. But shine a light on the creations, and the shadows on the wall become art. One of Kuronushi's shadows reveals a pirate ship and, when the pile of cardboard is rotated, the ship turns into the pirate Jack Sparrow from the movie *Pirates of the Caribbean*. The artist also created Harry Potter shadow art, to the delight of his fans.

Walked across Canada: April 1, 2024 marks the 50th anniversary of James "Jim" Micheal Clarkson's step by step adventure across Canada. His adventure started with the intention of wanting something to do, so he reached out to Bata Shoes and they were more than willing to sponsor his adventure. Leaving April 1, 1974 from Victoria, BC with a few family members waving him off, he spent the next 9 months and 4 pairs of shoes walking the Trans-Canada Highway until he reached Nova Scotia. When talking about the map of Canada he says he doesn't see roads but rather all the faces of the people he met along the way.

Plumber pounding: Hiring a tradesman to come fix something can get pretty expensive these days, but it's not usually something to go berserk about. Not so for a man in Malaga, Spain. The fellow realized he had a broken pipe that needed tending, so he called a local plumber. When the tradesman arrived, he took a look at the job and provided a quote. However, the man was not impressed and got quite angry at the cost of the job. He was so irate, in fact, that he held the plumber hostage. Luckily, neighbours in the apartment building heard the ruckus and called police, who were able to intervene and arrest the angry man.

Did You Know...

The john: Societies use many names for the word toilet, but one of the most popular is "the john." That's because Sir John Harrington designed the first flushing toilet in 1596. He was one of Queen Elizabeth I's godchildren.

Started early: American Selena Gomes, born in 1992, has become one of the biggest stars of her generation. She got her acting start at a young age, appearing on the children's television show *Barney and Friends* from 2002 to 2004.

Big headache: World War II Italian dictator Benito Mussolini wouldn't eat mashed potatoes. That's because he claimed they caused him to have migraine headaches.

Donut lovers: Canadians really like their donuts. In fact, Canada boasts more donut shops per capita than any other country in the world.

"Stewardesses": is the longest word that is typed with only the left hand.

On the Lighter Side

I tried archery, but didn't like it. There were too many drawbacks.

Why did the porcupine say, "Ouch"? He put on his coat inside out!

On anniversaries, the wise husband may forget the past... but better never forget the present.

Among the things that are so simple even a child can operate them are parents."

Knock, knock. Who's there? Control freak. Now you say, "Control freak who?"
